DIVE IN: HALCYON SPA OPENS AT SLS BARCELONA

A New Kind of Spa Awaits Beneath Barcelona's Waterfront Wonderland

Please find high-res images linked [here](#)

Barcelona – March 2026 – [SLS Barcelona](#) is making waves with the opening of [Halcyon Spa](#), a new wellness playground at Port Fòrum. Less about retreating from the spotlight and more about stepping back into it, Halcyon adds a refreshing dimension to the resort's seaside stage, delivering indulgent rituals that leave guests radiant and ready to make an entrance.

Designed by Rockwell Group, Halcyon draws inspiration from the way light dances across water, guiding guests from bright, luminous arrival moments into moodier, immersive interiors. Entry begins through a striking blue tunnel lined with translucent panels that shimmer like the sea. Inside, the spa unfolds across four treatment rooms—including a double suite with a private hot tub—along with a dedicated relaxation room and a circuit of sauna and steam experiences. At the center of the thermal area is a circular marble platform that anchors the journey beneath a softly illuminated ceiling. A cenote-like pool, complete with an atmospheric rain feature and a digital backdrop, transforms the space into a cinematic escape.

Halcyon partners with Barcelona-born skincare brand [SEPAI](#), a pioneer in dermo-hacking and smart-aging innovation, bringing its customizable, results-driven formulas into a luxury hospitality setting for the first time in the city.

The extensive menu spans high-impact “Signatures,” glow-boosting “Flawless Facials,” deep-release “Let Loose” massages, and targeted “Body Talk” treatments, all crafted to elevate beauty, boost confidence, and reveal results that linger long after checkout.

Highlights include:

- **The Lift** – A next-generation facial and body treatment powered by advanced 3D light technology, designed to firm and sculpt for visibly lifted contours, refined tone, and a smooth, luminous finish you'll be remembered for.
- **Ray of Light** – A multisensory face-and-body experience combining reparative skincare with aromatherapy, music, and fluid massage techniques to reset the senses and bring skin and mood back into focus.
- **The Fast & The Fabulous** – A fast-acting, 30-minute facial with instant payoff, delivering camera-ready radiance and a plump, juicy glow, perfect before events or evenings out.

- **Hydra-Platinum** – A true thirst trap, this all-encompassing facial delivers intensive moisture and refined texture across face, neck, décolleté, eyes, and lips. Hydration for the win.

For those who prefer to unwind with company, Halcyon offers “Plus One” experiences such as the **Shine then Dine**, an exclusive two-person treatment that concludes with a private gourmet dinner served in the same space. Younger guests are also welcomed, including a dedicated “Rising Stars” menu planned for families.

With the opening of Halcyon Spa, SLS Barcelona further defines itself as the city’s ultimate urban resort, where bold design, destination dining, and feel-good wellness collide. With 471 rooms, marina-front access, and unmistakable SLS energy, the resort delivers a VIP stay that feels beautifully removed from the crowds yet effortlessly connected to Barcelona’s cultural pulse.

About SLS Barcelona

Located on the city’s waterfront at Port Fòrum, SLS Barcelona marks the brand’s first European outpost, delivering its signature blend of glamour, culinary artistry, and immersive experiences in a vibrant resort-meets-city setting. Designed by Rockwell Group, with architecture by b720 Fermín Vázquez Arquitectos and food-and-beverage interiors by AvroKO, the 471-room hotel features private balconies or terraces in every guestroom, six distinctive restaurant and bar concepts, three pools, a destination spa, expansive event spaces, marina-front access, and sweeping Mediterranean views. Seamlessly combining indulgent resort amenities with the city’s dynamic energy, SLS Barcelona sets the stage for the extraordinary to unfold across stays, dining, and celebrations.

About SEPAI

A cutting-edge brand at the intersection of longevity science, biohacking, dermo-hacking, and precision medicine, it approaches skincare through a deep understanding of the biology of aging—targeting root causes rather than surface symptoms. Each formulation is a fusion of cutting-edge longevity technologies with ultra-clean, safety-optimized galenic bases, delivering high-performance results without compromising ingredient purity or skin tolerance. Built on a strict clean-formulation philosophy, every product prioritizes maximum safety, biomimetic compatibility, and long-term skin health. Recognizing that aging is profoundly individual, the brand treats each person as biologically unique, offering highly customizable skincare solutions that adapt to personal biology, lifestyle, and evolving skin needs.
