Caravan Hatta by Our Habitas Debuts in the Hajar Mountains

An adventure-led luxury retreat rooted in culture, connection and heritage opens in the Hajar Mountains on 28 September 2026

[Imagery](#)

09 September 2026, Dubai UAE – Caravan Hatta by Our Habitas opens its doors this month at Hatta Resorts, marking the brand's debut in the United Arab Emirates. Set against the dramatic landscape of the Hajar Mountains and overlooking the turquoise waters of Hatta Dam, the retreat introduces a new chapter in experiential hospitality, one rooted in culture, community and an intrinsic sense of place.

Guided by the brand's philosophy of "Luxury for the Soul," Caravan Hatta invites guests to reconvene with nature through experiences that prioritise presence over pace. Our Habitas has long embraced a more analogue approach to exploration, placing value on shared experiences and self-discovery. Caravan Hatta embodies this ethos, emerging as a thoughtful, intentional space where people can slow down, come together, and immerse themselves in the surrounding landscape.

The property features 50 bespoke Airstream Caravans, including 13 Ridge Caravans and 37 Peak Caravans, each offering sweeping views of the valley or lake. Built with minimal impact design and deep reverence for its surroundings, Caravan Hatta's aesthetic draws inspiration from the rugged beauty of the Hajar Mountains. Earth-toned palettes of sand, terracotta, sun-baked clay and soft stone echo the shifting hues of the landscape, while organic materials including raw wood, woven rattan, natural linen and textured stone create a tactile dialogue with the terrain.

Inside each Airstream, handcrafted furnishings and bohemian textiles showcase regional craftsmanship, subtly nodding to Emirati nomadic traditions through layered patterns and artisanal detailing. Each caravan includes a queen bed with premium linens, dinette, pantry, bathroom, Wi-Fi, air conditioning and a private wooden deck furnished with handmade pieces.

Signature amenities include a communal infinity pool overlooking the mountains and an Observatory Deck designed for stargazing beneath Hatta's famously clear skies. The retreat also introduces Caravan amenities by homegrown brand *Dastaangoi*, a bespoke collection created exclusively for the property that transforms everyday rituals into moments of pause and presence.

At the heart of the retreat is Madar, Arabic for "Orbit", a chef-driven dining concept designed as a communal gathering beneath the open sky. Developed in collaboration with Paris Society Consulting, the international hospitality group behind acclaimed restaurants and bars around the world, Madar encourages guests to connect over food in a relaxed, convivial setting.

Rooted in Emirati influences and regional flavours, the menu celebrates fresh local ingredients prepared using open-fire and underground cooking techniques. The experience is complemented by relaxed poolside dining and live barbecue gatherings set against the dramatic mountain backdrop.

Cultural programming lies at the heart of the Caravan Hatta experience. Inspired by Hatta's natural environment and heritage, guests can participate in soul-enriching activities including sound healing sessions, Arabic coffee rituals, movie nights and guided practices. Adventure remains central to the experience. Guests can explore the Hajar region through hiking and biking trails, as well as kayaking and paddleboarding across the tranquil waters of Hatta Dam. The retreat will also host a considered calendar of wellness programmes, workshops and special events, bringing together a global community of makers, storytellers and creatives.

Thuraya Wellness offers holistic treatments and restorative rituals designed to align mind and body with the rhythms of nature. The wellness space features a barrel sauna, outdoor cold plunge and hot tub, alongside yoga and meditation sessions inspired by the stillness of mountain life.

Yasmin Huneidi, General Manager of Caravan Hatta by Our Habitas, said: "Hatta is a destination with a character and rhythm entirely its own. With Caravan Hatta, we want to build on that distinctive spirit and position the destination as a place to reconnect, unwind and explore a different side of the UAE. We are excited to bring people together through experiences shaped by the Hajar Mountains, creating opportunities to embrace the outdoors, share memorable moments and form genuine connections."

The opening of Caravan Hatta builds on Dubai Holding and Ennismore's existing partnership, and leverages Ennismore's creative guidance and operating expertise following the success of Our Habitas AlUla, the sustainable desert sanctuary in Saudi Arabia that has established itself as one of the Middle East's most extraordinary luxury destinations.

Rooted in sustainability and community, Our Habitas continues to redefine modern travel through connection and conscious living — creating spaces where guests gather to share stories, celebrate culture and build lasting memories in incomparable destinations. Caravan Hatta marks the collective's first home in the UAE and contributes to the growing global presence of Our Habitas, which is part of the Ennismore portfolio of authentic, purpose-driven brands.

Rates at Caravan Hatta by Our Habitas start from AED 1,200 per night.

ABOUT CARAVAN HATTA

Caravan Hatta by Our Habitas is an adventure-led luxury retreat located in the Hajar Mountains, its first home in the United Arab Emirates. The retreat features 50 Airstream caravans (13 Ridge Caravans and 37 Peak Caravans) inspired by nomadic exploration and designed with minimal-impact architecture and natural materials that celebrate the land's spirit.

On-site facilities include Madar, a signature chef-led restaurant serving Emirati-inspired cuisine with open-fire cooking techniques, Thuraya Wellness offering holistic treatments, an infinity pool, yoga deck, observatory deck and communal indoor and outdoor gathering

spaces. A cultural programme driven by the brand's *Luxury for the Soul* ethos, includes on-ground activities such as sound healing, stargazing and cultural workshops.

Caravan Hatta is part of Our Habitas, a global hospitality group redefining traditional luxury through human connection, immersive programming and sustainable impact across local communities.
